

Subject: SJH Financial Assistance (Charity Care) Policy	Policy Number: PSJH RCM 002 TX	
Department: Revenue Cycle Management	<input checked="" type="checkbox"/> New <input type="checkbox"/> Revised <input type="checkbox"/> Reviewed	Date: 3/22/2019
Executive Sponsor: Kimberly Sullivan, SVP Chief Revenue Cycle Officer	Policy Owner: Lana Jones, Dir Patient Financial Services	
Approved by: PSJH Board of Directors	Implementation Date: 5/1/2019	

SJH is a not-for-profit healthcare organization guided by a commitment to its Mission of serving all, especially those who are poor and vulnerable, by its Core Values of compassion, dignity, justice, excellence and integrity, and by the belief that healthcare is a human right. It is the philosophy and practice of each SJH hospital that emergent and medically necessary healthcare services are readily available to those in the communities we serve, regardless of their ability to pay.

SCOPE:

This policy applies to all St. Joseph Health (“SJH”) hospitals in the state of Texas, and to all emergency, urgent and other medically necessary services provided by SJH hospitals in Texas (with exception of experimental or investigative care). A list of SJH hospitals covered by this policy can be found in Exhibit A Covered Facilities List.

This policy shall be interpreted in a manner consistent with Section 501(r) of the Internal Revenue Code of 1986, as amended. In the event of a conflict between the provisions of such laws and this policy, such laws shall control.

PURPOSE:

The purpose of this policy is to ensure a fair, non-discriminatory, effective, and uniform method for the provision of Financial Assistance (charity care) to eligible individuals who are unable to pay in full or part for medically necessary emergency and other hospital services provided by SJH hospitals.

It is the intent of this policy to comply with all federal, state, and local laws. This policy and the financial assistance programs herein constitute the official Financial Assistance Policy (‘FAP’) and Emergency Medical Care Policy for each hospital owned, leased or operated by SJH.

POLICY:

SJH will provide free or discounted hospital services to qualified low income, uninsured and underinsured patients when the ability to pay for services is a barrier to accessing medically necessary emergency and other hospital care and no alternative source of coverage has been identified. Patients must meet the eligibility requirements described in this policy to qualify.

SJH hospitals with dedicated emergency departments will provide, without discrimination, care for emergency medical conditions (within the meaning of the Emergency Medical Treatment and Labor Act) consistent with available capabilities, regardless of whether an individual is eligible for financial assistance. SJH will not discriminate on the basis of age, race, color, creed, ethnicity, religion, national origin, marital status, sex, sexual orientation, gender identity or expression, disability, veteran or military status, or any other basis prohibited by federal, state, or local law when making financial assistance determinations.

SJH hospitals will provide emergency medical screening examinations and stabilizing treatment, or refer and transfer an individual if such transfer is appropriate in accordance with 42 C.F.R 482.55. SJH prohibits any actions, admission practices, or policies that would discourage individuals from seeking emergency medical care,

such as permitting debt collection activities that interfere with the provision of emergency medical care.

List of Professionals Subject to SJH FAP: Each SJH hospital will specifically identify a list of those physicians, medical groups, or other professionals providing services who are and who are not covered by this policy. Each SJH hospital will provide this list to any patient who requests a copy. The provider list can also be found online at the St. Joseph Health or Covenant websites: www.stjhs.org or www.covenant.org.

Financial Assistance Eligibility Requirements: Financial assistance is available to both uninsured and insured patients and guarantors where such assistance is consistent with this policy and federal and state laws governing permissible benefits to patients. SJH hospitals will make a reasonable effort to determine the existence or nonexistence of third-party coverage which may be available, in whole or part, for the care provided by SJH hospitals, prior to directing any collection efforts at the patient.

Patients seeking financial assistance must complete the standard SJH Financial Assistance Application and eligibility will be based upon financial need at that time. Reasonable efforts will be made to notify and inform patients of the availability of Financial Assistance by providing information during admission and discharge, on the patient's billing statement, in patient accessible billing areas, on SJH hospital's website, by oral notification during payment discussions, as well as on signage in high volume inpatient and outpatient areas, such as admitting and the emergency department.

Applying for Financial Assistance: Patients or guarantors may request and submit a Financial Assistance Application, which is free of charge and available at the SJH ministry by the following means: advising patient financial services staff at or prior to the time of discharge that assistance is requested and submitted with completed documentation; by mail, or by visiting www.covenant.org, downloading and submitting the completed application with documentation. A person applying for financial assistance will be given a preliminary screening, which will include a review of whether the patient has exhausted or is not eligible for any third-party payment sources.

Each SJH hospital shall make designated personnel available to assist patients in completing the Financial Assistance Application and determining eligibility for SJH financial assistance or financial assistance from government-funded insurance programs, if applicable. Interpretation services are available to address any questions or concerns and to assist in the completion of the Financial Assistance Application.

A patient or guarantor who may be eligible to apply for financial assistance may provide sufficient documentation to SJH to support eligibility determination at any time upon learning that a party's income falls below minimum FPL per the relevant Federal and State regulations.

Individual Financial Situation: Income, monetary assets and expenses of the patient will be used in assessing the patient's individual financial situation. Monetary assets shall not include retirement or deferred compensation plans qualified under the Internal Revenue Code nor non-qualified deferred compensation plans.

Income Qualifications: Income criteria, based on Federal Poverty Level (FPL), may be used to determine eligibility for free or discounted care. Please see Exhibit B for details.

Determinations and Approvals: Patients will receive notification of FAP eligibility determination within 30 days of submission of the completed Financial Assistance application and necessary documentation. Once an application is received, extraordinary collections efforts will be pended until a written determination of eligibility is sent to the patient. SJH will not make a determination of eligibility for assistance based upon information which the hospital believes is incorrect or unreliable

Dispute Resolution: The patient may appeal a determination of ineligibility for financial assistance by providing relevant additional documentation to SJH within 30 days of receipt of the notice of denial. All appeals will be reviewed and if the review affirms the denial, written notification will be sent to the guarantor and State Department of Health, where required, and in accordance with the law. The final appeal process will conclude within 10 days of receipt of the denial by SJH. An appeal may be sent to St. Joseph Health, Attn: Financial

Assistance Coordinator, 3345 Michelson Drive, Suite 100, Irvine, CA 92612.

Presumptive Charity: SJH may approve a patient for a charity adjustment to their account balance by means other than a full Financial Assistance application. Such determinations will be made on a presumptive basis using an industry-recognized financial assessment tool that evaluates ability to pay based on publically available financial or other records, including but not limited to household income, household size, and credit and payment history.

Other Special Circumstances: Patients who are eligible for FPL-qualified programs such as Medicaid, Medi-Cal, and other government-sponsored low-income assistance programs, are deemed to be indigent. Therefore, such patients are eligible for Financial Assistance when the programs deny payment and then deem the charges billable to the patient. Patient account balances resulting from non-reimbursed charges are eligible for full charity write-off. Specifically included as eligible are charges related to the following:

- Denied inpatient stays
- Denied inpatient days of care
- Non-covered services
- Prior Authorization Request Denials
- Denials due to restricted coverage

Catastrophic Medical Expenses: SJH, at its discretion, may grant charity in the event of a catastrophic medical expense. These patients will be handled on an individual basis.

Limitation on Charges for all Patients Eligible for Financial Assistance: No patient who qualifies for any of the above-noted categories of assistance will be personally responsible for more than the “Amounts Generally Billed” (AGB) percentage of gross charges, as defined below.

Reasonable Payment Plan: Once a patient is approved for partial financial assistance, but still has a balance due, SJH will negotiate a payment plan arrangement. The reasonable payment plan shall consist of monthly payments that are not more than 10 percent of a patient’s or family’s monthly income, excluding deductions for Essential Living Expenses that the patient listed on their financial assistance application.

Billing and Collections: Any unpaid balances owed by patients or guarantors after application of available discounts, if any, may be referred to collections. Collection efforts on unpaid balances will cease pending final determination of FAP eligibility. SJH does not perform, allow or allow collection agencies to perform any extraordinary collection actions prior to either: (a) making a reasonable effort to determine if the patient qualifies for financial assistance; or (b) 120 days after the first patient statement is sent. For information on SJH billing and collections practices for amounts owed by patients, please see SJH hospital’s policy, which is available free of charge at each SJH hospital’s registration desk, or at: www.stjhs.org or www.covenant.org.

Patient Refunds: In the event that a patient or guarantor has made a payment for services and subsequently is determined to be eligible for free or discounted care, any payments made related to those services during the FAP-eligible time period which exceed the payment obligation will be refunded, in accordance with state regulations.

Annual Review: This SJH Financial Assistance (Charity Care) Policy will be reviewed on an annual basis by the designated Revenue Cycle leadership.

EXCEPTIONS:
See Scope above.

DEFINITIONS:
For the purposes of this policy the following definitions and requirements apply:

1. Federal Poverty Level (FPL): FPL means the poverty guidelines updated periodically in the Federal Register

by the United States Department of Health and Human Services.

2. Amounts Generally Billed (AGB): The amounts generally billed for emergency and other medically necessary care to patients who have health insurance is referred to in this policy as AGB. SJH uses the prospective Medicare method of determining AGB. AGB equals the amount that would be reimbursed by Medicare fee-for-service, plus the amount the patient would be responsible for paying in the form of co-payments, co-insurance and deductibles, if he or she were a Medicare beneficiary at the time of service.
3. Extraordinary Collection Action (ECA): ECAs are defined as those actions requiring a legal or judicial process, involve selling a debt to another party or reporting adverse information to credit agencies or bureaus. The actions that require legal or judicial process for this purpose include a lien; foreclosure on real property; attachment or seizure of a bank account or other personal property; commencement of a civil action against an individual; actions that cause an individual's arrest; actions that cause an individual to be subject to body attachment; and wage garnishment.

Exhibit B - Income Qualifications for St. Joseph Health Texas Hospitals

If...	Then ...
Annual gross income is 175% or less of the current FPL guidelines,	The patient is determined to be financially indigent, and qualifies for Financial Assistance 100% write-off.
Annual gross income is between 176% and 300% of the current FPL guidelines,	The patient is determined to be medically indigent. The reimbursement for services or patient responsibility shall not exceed the AGB on each account.
Patient incurs financial liability exceeding \$75,000.00	This is considered a “catastrophic medical event” due to high medical costs. Management may determine the patient to be eligible for financial assistance based upon the amount of patient liability, billed charges, income, and assets and may, at its discretion, grant Financial Assistance without all information or documentation. In such circumstances, the patient’s responsibility shall not exceed the AGB.
